2 x 1.5L | ECO-ED8-3X1

6 x 750ml | ECO-EVED8-RF-6X750

An efficient solvent based cleaner, that easily cuts through dirt and grime on glass windows and surfaces for a sparkling finish. Suitable for use on stainless steel surfaces to clean and polish, where a streak-free finish is required. Made using a phosphate-free formulation, that has been certified under the EU Ecolabel.

Directions for use

For professional use only.

1. Always dilute before use.
2. Dispense between 20-30ml product into a 750ml refill flask (2.7-4%) depending on level of soiling and fill with clean water.
3. Apply product either directly onto the surface or onto a clean cloth.
4. Wipe the surface to be cleaned.
5. Buff the surface with a clean wipe or cloth for a streak-free finish.
6. Repeat as required.

Refilling from 1L bottle system

1. Remove the cap from the bottle and gently squeeze to fill the built in measuring cup.
2. After measuring, carefully pour the measured dose into a refill flask.
3. Fill to the line with clean, fresh water.
4. Re-attach the trigger spray and lightly shake the mixutre, to ensure that it is fully diluted and ready to use.
