2-in-1 action -
cleans and
descals.

Effectively cuts
through soap scum
and lime.

Certified under the
EU Ecolabel -
MT/020/001

3 x 1L | ECO-ED6-3X1

6 x 750ml | ECO-EVED6-RF-6X750

An effective cleaner and descaler, that easily cuts through scale, soap deposits and other soilings in washroom areas. Suitable for use on baths, sinks, showers, WCs, tiles, glass screens and more. Certified under the EU Ecolabel and made from sustainable ingredients.

Not suitable for use on acid sensitive surfaces such as marble.

Directions for use

For professional use only.

1. Always dilute before use.
2. Dispense 20-30ml product into a 750ml refill flask (2.7-4%) depending on level of soiling and fill with clean water.
3. Apply product directly to the surface to be cleaned or onto a clean, damp sponge. For best results ensure that the surface remains moist for up to 5 minutes.
4. Rinse the surface with clean water, or wipe with a clean damp cloth. Allow the surface to air dry or buff to a finish.

Refilling from 1L bottle system

1. Remove the cap from the bottle and gently squeeze to fill the built in measuring cup.
2. After measuring, carefully pour the measured dose into a refill flask.
3. Fill to the line with clean, fresh water.
4. Re-attach the trigger spray and lightly shake the mixture, to ensure that it is fully diluted and ready for use.
