

Osmos Tannin Remover Dishwasher Detergent

Description

A heavy-duty non-foaming dishwasher detergent designed to remove tough tannin stains from crockery, left behind by tea, coffee and wine. Performs best in soft to moderately hard water conditions.

Special ingredients prevent scaling of the dish washing machine even in harder water areas. Highly concentrated formulation gives greater economy in use. Not for use on silverware, aluminium or on polycarbonate.

Directions For Use

The product is designed for use only with the Cleenol Automatic Dosing System. Use rate is dependent upon water hardness and will be set by our engineers at approximately 2-4ml product per litre of rinse water.

Do not use for hand dishwashing.

Product Codes

OSM-TRDD-2X5, OSM-TRDD-20

Storage

Store in cool conditions away from direct sources of heat.

Avoid extremes of temperature.

Do not allow to freeze.

Ensure the cap is tightly fitted after use.

Keep out of reach of children.

Shelf Life

Shelf life 24 months, if stored as recommended.

Use within 6 months of opening.

Environmental

Neat product will cause damage to plant and animal life.

Do not allow large quantities of neat liquid to enter surface waterways as serious ecological damage may be caused.

In the event of a large spillage, contact the local water authority or Environment Agency immediately.

This product uses recyclable packaging.

Notes

It contains no NTA or EDTA.
