

PRODUCT USE GUIDE FOR YELLOW LABEL WASHAID A17

Product Description

This low alkaline product is especially useful in septic tanks as it has minimal impact on the bacterial cultures. Suitable for the washing of crockery, cutlery and glassware. The product is designed for use only with Cleenol automatic dosing systems.

Product Features

- A non-foaming liquid designed for use in automatic machine dishwashers.
- Suitable for the washing of crockery, cutlery and glasses and is safe for use on aluminium.
- Safe for use on silverware.

Direction for Use

- The product is designed for use only with the Cleenol Automatic Dosing System (ADS).
- Use rate is dependent upon water hardness and will be set by our engineers at approximately 2-4ml product per litre of rinse water.
- Do not use for hand dishwashing.

Storage

- Store in cool conditions away from direct sources of heat
- Avoid extremes of temperature
- Do not allow to freeze
- Ensure the cap is tightly fitted after use
- Keep out of reach of children

Shelf Life

- Shelf life 24 months, if stored as recommended.
- Use within 6 months of opening.

Environmental

- Neat product will cause damage to plant and animal life.
- Do not allow large quantities of neat liquid to enter surface waterways as serious ecological damage may be caused.
- In the event of a large spillage, contact the local water authority or Environment Agency immediately.
- This product uses recyclable packaging. The chemicals used in the formulation dissociate into ions which are rendered harmless to the environment during the effluent treatment process.
- It contains no Phosphates, NTA or EDTA.
- None of the components of this product are animal derived.
