

PRODUCT USE GUIDE FOR SOFT WATER WASHAID A7C

Product Description

A machine dishwashing liquid that effectively removes stains from ceramics, porcelain, china and crockery. Recommended for use in soft water. Not suitable for hard water unless a water softener is installed. May be used wherever low foaming properties are required. Suitable for use in all types of dishwashing machines. Not for use on silver cutlery.

Product Features

- Specially developed for the removal of tenacious soiling and fats encountered in the food processing industry.
- Because of its low foaming properties, Cleenol Soft Water Washaid is particularly useful in automated cleaning processors, CIP systems, blanchers, tray, crate and rack washing machines and fryers. Use in conjunction with machine washing.

Direction for Use

- The product is designed for use only with the Cleenol Automatic Dosing System.
- Use rate is dependent upon water hardness and will be set by our engineers at approximately 2-4ml product per litre of rinse water.
- Do not use for hand dishwashing.

Storage

- Store in cool conditions away from direct sources of heat
- Avoid extremes of temperature
- Do not allow to freeze
- Ensure the cap is tightly fitted after use
- Keep out of reach of children

Shelf Life

- Shelf life 24 months, if stored as recommended.
- Use within 6 months of opening.

Environmental

- Neat product will cause damage to plant and animal life.
- Do not allow to large quantities of neat product enter surface waterways as serious ecological damage may be caused.
- In the event of a large spillage, contact the local water authority or Environment Agency immediately.
- This product uses recyclable packaging. The chemicals used in the formulation dissociate into ions which are rendered harmless to the environment during the effluent treatment process.
- It contains no Phosphates, NTA or EDTA.
- None of the components of this product are animal derived.
